

Rodeo Glam

Western Wear Doesn't Have To Be Lame

words by Jeremiah J. Shaw photos by Brandon Holley styled by Baranna Baker

It's March, which means two things in Houston: rain and the rodeo. And these ensembles will work in either unfortunate condition. Make a feminist statement at the Bovine Olympics by wearing your "Cowgirl" belt. Or, see how miniature guns break the existential ennui of a rainy Houston afternoon as you lounge on the patio at Café Brasil, dog-earing a copy of *Siddhartha* and waxing eloquent on the futility of our materialistic Western culture. Either way, you'll look incredibly hot.
